

The Wishing Stone: The Chronicles of Evrion

Everyone has heard the warning to be careful what you wish for. Fewer know to be careful of the interrupted wish. Five children think they have the perfect, foolproof wish. They wish for adventures through time and space, for super powers, and for pirate treasure all at once. Now, thanks to a mysterious stone, the wish is coming true. Soon they are stranded on an island at the other end of the universe, beset by pirates and alien monkeys, and searching through a trap infested tomb for jewels of power. But as their wish slowly unfolds, they realize they forgot a very important part, and now the real treasure they're searching for is a way back home.
