

Vocabulaire 450 Exercices CD-ROM (Intermediate) (French Edition)

Ce cederom constitue la transposition sur support numerique de l'ouvrage papier 450 Nouveaux exercices de Vocabulaire. Il permet a l'apprenant d'affiner sa competence linguistique et communicationnelle du francais grace a un entrainement rapide et efficace du vocabulaire. L'accès aux exercices peut se faire soit de maniere libre, soit par le biais d'une arborescence proposant dix-sept themes lexicaux couvrant les faits de langue les plus frequemment etudies a un niveau debutant. Ces dix-sept themes lexicaux sont eux-memes divises en differentes categories afin de permettre a l'apprenant de cibler son entrainement de maniere plus precise. Ce cederom peut etre utilise en auto apprentissage ou sous la tutelle de l'enseignant, qui peut integrer son utilisation pendant ou apres une sequence sur un point de vocabulaire specifique. De nombreux exercices sont sonorises et permettent ainsi a l'etudiant de travailler sur la comprehension orale et la prononciation. En plus de l'accès aux exercices, le cederom propose plusieurs outils d'accompagnement consultables a tout moment de l'application :

- un index : tous les termes presents dans l'ouvrage y sont repertories avec le numero des exercices ou ils apparaissent.
- un lexique : il s'agit d'un lexique a construire. L'apprenant y saisit les mots de son choix accompagnes de leur traduction dans sa langue maternelle.
- un historique : cet outil permet a l'utilisateur de visualiser les exercices qu'il a deja realises ainsi que de consulter les resultats qu'il a obtenus aux exercices bilans.
