

## The Clone Codes #1

In the year 2170 an underground abolitionist movement fights for the freedom of cyborgs and clones, who are treated no better than slaves. The Cyborg Wars are over and Earth has peacefully prospered for more than one hundred years. Yet sometimes history must repeat itself until humanity learns from its mistakes. In the year 2170, despite technological and political advances, cyborgs and clones are treated no better than slaves, and an underground abolitionist movement is fighting for freedom. Thirteen-year-old Leannas entire life is thrown into chaos when The World Federation of Nations discovers her mom is part of the radical Liberty Bell Movement.
