

The Complete E-Book Bestseller Formula for Authors [2015 Edition]: A Time-Tested, Guaranteed Recipe for Kindle Best Seller Success: Increase Book Sales ... and Kindle KDP (Be a Kindle Bestseller)

Your Kindle e-book is awesome. It should be selling more copies! As a matter of fact, it should be an Amazon bestseller, but it's not. Why are books that are inferior to yours raking cash, while your book collects digital dust on KDP? The Complete E-Book Bestseller Formula for Authors provides many low cost (most are free), easy-to-complete tasks that can shoot your e-book up the popularity lists and earn your book bestseller status in a very short period of time. If you are like most authors, you have already read the e-book improvement classics like Kindle Bestseller Secrets by Derek Doepker, 61 Ways to Sell More Non-fiction Kindle Books by Steve Scott, and Ebook Millionaire by James Calthorpe. These are great books, but they only tell part of the story. They can also be difficult to get through because of their straightforward style. The Complete E-Book Bestseller Formula for Authors kicks it up a notch, with an energetic and motivational flair. It is a fun read, sprinkled with humor and the personal experiences of an author who has spent time in the trenches and built a reputation, starting from scratch. There are many ways to make your book more sexy to book buyers. Included in this book are methods that will boost sales for any book (although the book works best for non-fiction titles): Learn how to use Amazon SEO and Google SEO for additional traffic to your book page. Learn how to create a killer title and subtitle that gets the click! Learn the elements of an awesome book cover - How do you get people to click on your book from a list of 10-20 books from Amazon search results and Kindle book browsing pages? Sell more books on Amazon by creating a book description that translates directly to book orders - learn how to set up your book description with eye-catching formatting, SEO and a call to action! Learn how to maximize the earning potential of your book by understanding the Amazon

sales algorithm and associating your book with other bestselling books in the Customer Also Bought applet. Earn more book sales and expand your author influence by developing an effective and attractive Amazon Author page. Why are book reviews so important? Learn how to get reviews for free and use them in your book marketing. Learn how to price your book for success. Learn how to integrate your book to CreateSpace print success. Author Eric Michael has gone from never writing a page of text to writing seven bestselling books on the Kindle platform in short order. This book pulls no punches. It describes in detail what has worked and earned book sales, and what has not. Now is the time to step on the gas and get rolling! Not tomorrow, or next week. Let's sell some books! Click on the Order Now or Read for Free button in the top-right corner of this page and quickly make your book sexy eye-candy for Amazon book buyers.
