

Mummys Tomb (History Hunters Book 3)

A chance discovery of a long-forgotten tomb during a field study trip leads the History Hunters to solve one of the greatest mysteries of Egyptian antiquity. Prep school friends Jay Wray, Alyssa Garret, and Conrad Kingston travel to Egypt to study the history of its glorious past. Their friend and world-renowned antiquities dealer, Geoffrey Barnsworth, leads them into the fascinating archeological world of pharaohs, mummies, and treasures beyond belief. Their quiet trip quickly erupts into a cat and mouse game, pitting them against a mastermind terrorist who guards a 3,000-year-old secret. Crumbling tombs, hieroglyph messages, and stolen artifacts draw them into an ever deepening and dangerous plot for control of the Egyptian people. The History Hunters struggle to evade a shadowy web of danger and deceit while they search for the secret behind the group who threatens the very security of the world.
